The Laffoons are real people with real lives walking through a real marriage. They like to call themselves “marriage edu-tainers”, combining education with entertainment. The Laffoons put their real marriage of almost 30 years on display. Their humorous and entertaining transparency offers couples permission to laugh with each other and courage to continue growing a future together.

They have ministered together in Youth for Christ for 15 years, along with interviewing thousands of couples. They’ve gained tremendous insight into marriage and family issues. **Now they’ve been presenting comedy infused marriage events for more than 17 years!**

Jay, holds degrees in Biblical Literature and Music. Laura holds a degree in Social Ministries. They currently serve on staff at Mt. Pleasant Community Church, coordinating their Marriage and Family Care Ministry. Together, Jay and Laura have written numerous books.
