

August 27th, 2014

To whom it may concern:

Recently, we had the privilege of having Norma Tilton and Marriage Works of Harford County come to Riverside Church for a four week marriage and relationship building seminar. I am pleased to be able to provide a letter recommending her to come to your organization in order to facilitate this type of well needed training.

This is the second year that Rev. Tilton has been to Riverside Church in order to provide training and advice on developing healthy marriages and relationships. The results have been amazing! Marriages have become stronger and relationships have grown deeper as a result of these meetings. With Norma, you're going to get extremely professional and well organized instruction. Her knowledge of the subjects she covers is vast and she is well prepared. Norma has the ability to not only provide information, but she helps people to apply this information in a way that is beneficial to them. I have heard nothing but positive feedback from our people here at Riverside Church. Each night the attendance and excitement grew as Norma continue to deal with subjects that most people try to avoid in marriage and relationships.

As a senior pastor, I definitely see the benefits of having Marriage Works come to our church to conduct seminars and teachings that deal with the heart of marriage. As stated earlier, this year was the second time we had Norma come by and I can say without reservation that she will be invited back again! The investment is well worth it. If we can build strong marriages, the we can build strong families. If we can build strong families then we can build strong churches. If we can build strong churches then we can build strong communities. I don't know about you, but we can sure use all of these in Harford, Cecil and Baltimore Counties.

Sincerely,

Jason P. Evans  
Lead Pastor Riverside Church
